## kBox® kPulley® Exxentric®

### kBox4 Active

Our entry level model for the serious personal trainer or demanding home user. The perfect tool in strength and rehabilitation at our lowest price point.

### kBox4 Lite

Offers the lowest weight and best portability which makes it perfect for frequent travel without compromising the training.

### kBox4 Pro

Our premium kBox model with the greatest versatility and largest performance area. It's ideal for sports teams, premium fitness clubs and physiotherapy facilities.

### kPulley2

The kPulley2 is the ideal horizontal solution for improving strength by offering flywheel training for rotational and pull exercises.
