KINTONE SERIES CABLE (5V 2.1A, 1M)

- USB To Micro PRICE : **190.-**
- USB To Type-C PRICE : **190.-**
- USB To Lightning PRICE : **250.-**

Kintone Series Type-C To Type-C Cable (3A, 1M)

KINTONE SERIES CABLE (3A,1M)

Type-C To Type-C

PRICE : **390.-**

Type-C To Type-C Quick Charging
5A high current fast charge, improve charging efficiency.

PVC Wire Fixing Joint
Strong wire body, double durability.

Widely Compatible
Mobile phone, tablet, notebook.

Built-in Thick Pure Tinned Copper Wire Core
Low consumption, high-speed charging without waiting.

Thick pure tinned copper wire core
insulating layer
PVC

Secure Core Fast Charge
Built-in intelligent security chip.

Two-in-one Charging And Transmission
The transmission rate is as high as 480Mbps, and the transmission of 1G large file only takes 50 seconds.

SMART SERIES CABLE (5V 2A,1M)

- USB To Micro PRICE : **290.-**
- USB To Ttpe-C PRICE : **290.-**
- USB To Lightning PRICE : **350.-**

TYPE-C to TYPE-C

Either Way Works with Fast Charge

DEVIA Smart Series PD Cable for Type-c to Type-c

SMART SERIES PD CABLE (20V 3A 60W 1M)

Type-C To Type-C PRICE : **490.-**

PD Protocol Compatible for Charging & Sync

3A Output
Fast / Stable / Efficient

Maximum Output upto **60W**

Differentiated by **"CORE"**
Well-Selected Premium Copper

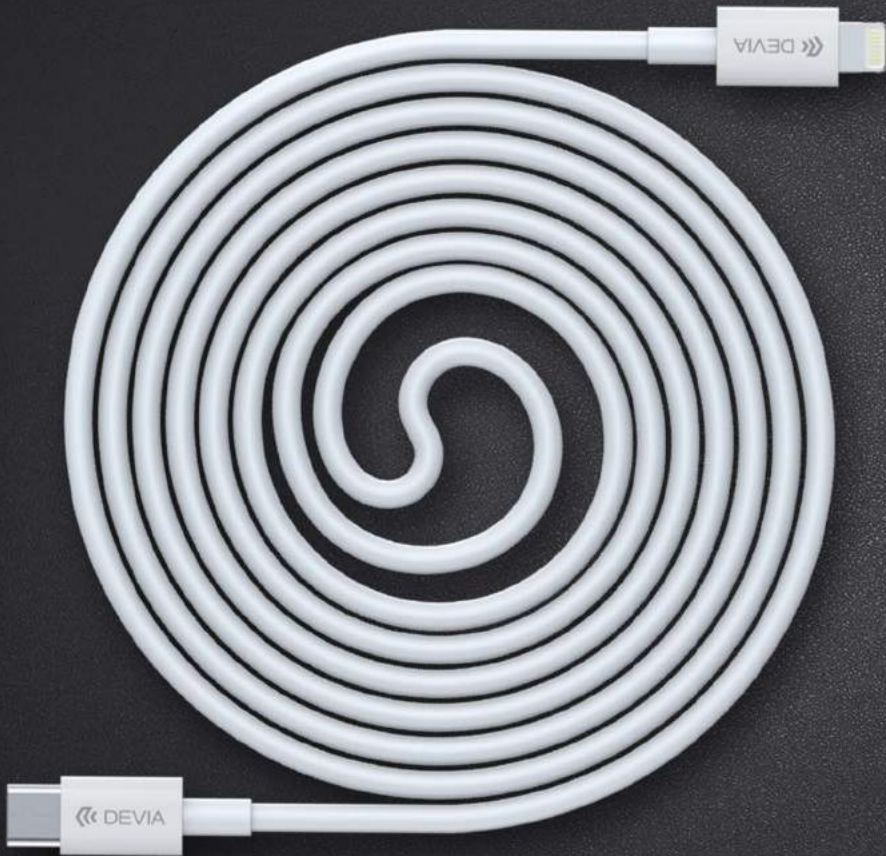

- 1 Pure Copper
- 2 Aluminum Foil
- 3 TPE Shell

Product information

Brand: DEVIA
name: Smart Series PD Cable for Type-c to Type-c
Model: EC042
Output: 60W Max. Current: 3A Max.
Function: Charging + data Material: TPE
length: 1M Color: White

**TPE fixed wire connector,
strong and tough wire body,
double durable.**

DEVIA Smart series PD cable for lightning

SMART SERIES PD CABLE (PD 20W 3A 1M)

Type-C To Lightning

PRICE : **490.-**

QUICK CHARGE TRUE POWER

Support PD quick charge protocol, charge 50% battery for iPhoneX only need 30 minutes;

Smart Series PD fast charge
Smart Series PD Cable for Type-C to Lightning

CHARGING AND TRANSMISSION TOGETHER

The transfer rate is up to 480Mbps and it takes only 30 seconds to transfer a large file of 1G

DEVIA Smart Series PD cable for lightning

STRENGTH CORE

stable and no damage the device, no worry to charge

VISIBLE IMPROVED SPEED

Built-in 22AWG thick and pure tin-plated copper core, low loss, high speed charging does not wait

22AWG-thick copper conduction material
Aluminum shield
TPE insulation material

IOS FULL COMPATIBILITY

Automatic update, compatible without pop-up windows

10W PD charger can charge for iPhone8P/11S/12MAX, Provides amazing PD fast charge

Product Information

Brand: DEVIA
Name: Smart series PD cable for lightning
Model: ECL46
Output Current: 3A
Function: Charging+data transmission
Technology: Molding + dispensing
Length: 1M
Material: TPE
Color: White

Fully compatible fast Charging agreement

5A SUPER FAST CHARGE

DEVIA Shark series supercharge USB to TYPE-C
Cable full compatible(5A,1.5M)

SMART SERIES SUPER CHARGE CABLE FULL COMPATIBLE

(5A,1.5M)

USB To Type-C PRICE : 490.-

Built-in smart chip 7 protection

Effectively prevent over charge,
over current, overload, etc.

Two-in-one charging and data sync

Efficient and time-saving

Environmentally friendly TPE material

Bending resistance, bending
resistance and winding resistance
double strong and durable

10000 Times
Type-C plug in test

3000 Times
USB plug in test

Integrated molding process

Surface nickel plating treatment, plug resistance,
not easy to rust.

30 minutes test Comparison

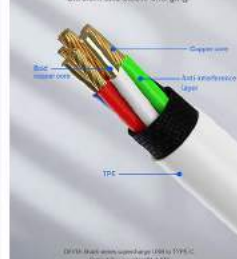

Note: Due to the different environment,
the data has error in itself.

High quality thick copper core

Efficient and stable charging

Product information

- Material: TPE
- Color: White
- Output interface: Type-C
- Input interface: USB
- Output power: 5A
- Functions: Charging, data transmission
- Length: 1.5 M
- Safety certification: CE/RoHS

FOUR INTERFACES FREE SWITCHING

Extreme series
speed multi functions 4 in 1 charging cable

EXTREME SERIES SPEED MULTI FUNCTIONS 4 IN 1 PD CABLE

PRICE : 590.-

**SUPPORT DATA TRANSMISSION
CHARGING TRANSMISSION IN ONE**

Through the CE/RHDS certification, security is guaranteed.

Transmission 480Mbps

**ROUGHENED PURE
TINNED COPPER WIRE CORE**

High-speed charging without waiting

- Tinned Copper Wire Core
- PVC
- TPE
- Nylon Woven Material

**NYLON WOVEN MATERIAL +
ALUMINUM ALLOY SHELL**

Not easy to wound, oxidation resistance, scratch prevention, more durable.

Type-c to Type-c: 60W
1.5 hours full of laptops

Type-c to lightning: 20W
Iphone charges 60% in 30 minutes

USB to Lightning: 5V/2.4A
variable output (Power/PAH)

USB to Type-c: 22.5W
Super fast charge, 30 minutes, 55% charge

PRODUCT INFORMATION

Brand: DEVIA
Name: Extreme series speed multi functions 4 in 1 charging cable
Functions: Charging + data transmission
Model: EC004
Color: Black
Length: 1.5M
Material: nylon
Product features: multi-function 4 in 1
USB to Type-C / USB to lightning
Type-C to Type-C (Max 60W)
Type-C to lightning (PD Max 20W)
Safety certification: CE/RHDS

100W Super Fast Charge

Match with intelligent fast charge technology, effectively improve the charging speed by 5 times.

SMART SERIES 100W PD CABLE (5A,1.5M)

Type-C To Type-C

PRICE : **690.-**

Flexible Wire Body Bending Resistance

TPE material wire body, strong and durable, not easy to break.

Built-in Thick Pure Tinned Copper Wire Core

Faster and more stable charging.

Thick pure tinned copper wire core
Insulating layer
TPE+ABS

2 in 1 Charging And Transmission

Supports data transmission and charging at the same time.

Widely Compatibility

It can charge for mobile phone & laptop, also support to charging for Huawei, Xiaomi, Samsung and other mobile phone super fast charge.

Multi-protection Functions

The device will enable automatic cut off power while over charge, over discharge, over voltage, over current, over power, over temperature, short circuit.

E-Marker Chip

Intelligent matching equipment required current, safe and fast charging.

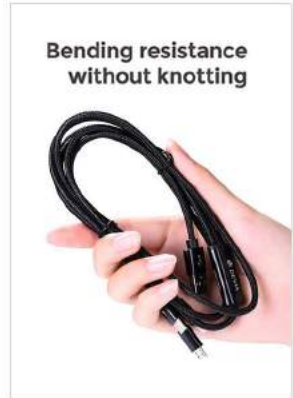

Three interfaces

GRACIOUS SERIES 3 IN 1 CABLE (5V 3A 1.2M)

USB TO (Micro,Type-C,Lightning)

PRICE : **490.-**

Lightning & Micro & type-c can be charged at the same time

Product information

Brand : DEVIA
Name : Gracious Series 3 in 1 cable
Functions : charging
Input port : USB2.0
Output power : 3A
Material : Nylon woven
Process : assembly + shell
Length : 1.2 m
Safety certification : CE/ROHS

Fully Smart Charge Bin New Technology Let The Charge Visible

Star Series A-Lightning Woven Cable
(2.4A, 1M)

STAR SERIES WOVEN CABLE

USB To Lightning (2.4A, 1M)

PRICE : **490.-**

Type-C To Lightning (3A, 1M)

PRICE : **690.-**

2.4A Big Current
Quick Charging Speed

Real Gold Plated Head

Super oxidation resistance, sensitive and stable connection.

iOS Full Compatibility

Automatic update, compatible with no pop-up window.

Transparent Fish Net Woven
Reinforcement Protection

Explosion proof, anti-fracture,
out easy to wrap, convenient storage.

Built-in Thick Pure
Tinned Copper Wire Core

2 in 1 Charging & Data

480Mbps for efficient transmission.

STORM SERIES HDMI CABLE

HDMI To Lightning

LEOPARD TYPE-C TO RJ45/USB 3.1 HUB-DEEP

PRICE : 1,990.-

**Leopard TYPE-C to USB 3.1+
RJ45+USB 3.0x3 HUB**

- USB-C/USB 3.1
- 10Gbps high-speed transmission
- Aluminum alloy shell design
- Resistant to bending and breaking

**Type-C Interface
To USB3.0x4+RJ45**

Connect to multiple devices at the same time.

High Efficient Transmission

USB3.0 Interface, the maximum theoretical transmission speed can up to 5G.

USB3.1/9Gbps
USB2.0/480Mbps

**Four Ports Drive
At Same Time**

Connect to USB flash drive, mouse, keyboard, and removable hard disk.

**Aluminum Alloy
Shell Design**

Wear resistance and oxidation resistance with longer using life.

TPE Design

Resistant to bending, non-breaking.

LEOPARD SERIES 11 IN 1 HUB

Type+C smart Hub

Type-C PD, VGA, Audio 3.5, HDMI, Gigabit Network, USB3.0, Type-C, SD/TF Dual card slot

PRICE : **4,990.-**

Leopard HDMI 11 in 1 HUB
Can be connected to a variety of devices.

Support PD fast charging (100W MAX)
Working while playing

Gigabit network port, connected to the wired network more stable transmission

HDMI, VGA interface to connect large screen TV, screen, etc., suitable for different connected devices, 4K*2K HD picture quality

TF/SD memory card read simultaneously

USB3.0 interface, can connect U disk, mouse, keyboard, HDD and other devices

SMART SERIES CHARGER SUIT 2.4A

(EU,5V,2USB)

- + MICRO CABLE PRICE : **390.-**

*Compatible iPhone/iPad/Macbook

Extremely Compact

Only half volume of a regular charger.

EXTREME SPEED GAN PD+QC QUICK CHARGER 65W (EU)

PRICE : 1,490.-

Extreme Speed
GaN PD+QC Quick Charger 65W(EU)

- High-Speed Super-Condenser Charging of Device
- Max. 65W
- Intelligent Fast Charge/Charge

Adapted "GaN" New Semiconductor Material

Larger power, smaller volume, lower temperature rise.

- Lower temperature rise
- Larger power
- Smaller volume

Effective Heat Dissipation

Low temperature charging.

Charging Indicator Light

Light on white device charged.

BPS Intelligent Shunt

When charging multiple ports at the same time, each output port will start BPS technology intelligent calculation, adjust the most appropriate output voltage.

Powerful Fast Charging Protocol

Supports QC3.0+USB, PD 3.0, PPS, AFC, FCP, SCP, PE and other fast charging protocol devices.

Apple devices
Laptop (Apple Book Pro 16/13), iPhone (iPhone 13/12/11/10/9 series), Tablet (iPad Pro 12.9, iPad mini, iPad Air)

---	---	-----------------------------------

PD
Extreme speed series
PD30W+QC3.0 quick car charger suit

PD30W+QC3.0
fully compatible fast charging

Fully compatible with 30W power, it can charge iPhone 60% in 30 minutes; 3 times faster than ordinary charging, efficient and safe.

Both USB + Type-C
are fast charging

Compatible with 90% fast charging devices on the market. Huawei super fast charging, Apple multiple phone fast charging (in line with PD2.0, QC3.0, QC3.0, FCP, SCP and other fast charging protocols).

Multi-protection
safe and not hot

Built-in intelligent identification chip, automatic matching equipment required current.

CE RoHS
CE/RoHS certification, safe and reliable.

Stable and
continuous charging

Slot design, effective locking, not fear of bumping.

Soft LED display:
Internal indicator light, night charging is more convenient.

Universal for
cars and trucks

Can bear 12V-24V wide voltage input, compatible with most of the mainstream models in the market.

LED Lamp Indication

With soft light ring LED lamp

EXTREME SPEED SERIES FULL COMPATIBLE 115W USB+2C FAST CAR CHARGER

PRICE : 1,290.-

**Extreme Speed Serie
Full Compatible 115W

Smart Series 3 In 1 Bracket Wireless Charger

Folding design, convenient storage

For iPhone & Watch & Earphone

SMART SERIES 3 IN 1 BRACKET WIRELESS CHARGER

PRICE : 1,690.-

Mobile phones, watches, and headphones can be charged at the same time

Up to 15W for a single charge, three devices charging simultaneously. Intelligent matching of charging power.

- iPhone: 15W
- Apple Watch: 7W
- Earphone: 5W

Can Be Charged With Case

±5mm sensitive induction, don't need to remove the case to charge

±5mm
Thickness of protective case

Charge upright

Online class, Douyin is correct

Charge sideways

Game, video conferencing

Withdraw and charge

Work, study more attentively

Small Night Light Design

Smart touch adjustment for three gears

- Bright
- Soft light
- Low light

Temperature Control Design

Low temperature charging, to avoid hot

Built-in Magnetic Separator

Radiation proof and no interference, effectively ensure the efficiency of charging and avoid interference to device

CE | FC | RoHS

GLOBAL MULTIPLE FUNCTION CHARGER

PRICE : 890.-

Worlds universal easy to travel

Global multiple function charger

Dual USB output multiple devices charging at the same time

Dual USB port, providing 2.4A high current, can meet the charging requirements of two devices. Laptop/camera/phone/iPad can be charged at the same time without waiting.

Global multiple function charger

2.4A

Hidden plug design

Fixed safety lock, easy to lock, secure and stable, press to unlock. Sliding button design, arbitrary switch various plug.

Fixed safety lock

Global multiple function charger

Mini cube

Retractable plug design, lightweight and portable.

(62.8mm*62.4mm*54mm)

Global multiple function charger

Broadband voltage without borders charge

AC100-240V broadband voltage design, effectively copewith different voltage problems in different countries.

240V

Ultramini 96%+ Transparent Anti-fingerprint Oleophobic and hydrophobic

Automatic repair

Imported high-end TPU soft film, with automatic repair function, flexible and elastic, able to repair scratches, automatic exhaust bubble:

Double side 30° privacy

The side is not visible, refuse to peek, protect privacy.

30° invisible

90° visible

30° invisible

Intelligent TPU soft privacy protector front film (20pcs)

INTELLIGENT TPU SOFT PRIVACY PROTECTOR FRONT FILM

PRICE : 590-

Imported environmental protection glue, strong adsorption

12X18cm

Smooth hand feeling highly sensitive

Smoothness improvement, Bare machine experience.

Oleophobic and waterproof non-stick fingerprint

Nano oleophobic coating can effectively prevent oil and water stains, reject fingerprint residue, and make the screen more clear.

One Second Repair Zero Scratch Explosion-proof Film

Strong flexibility, surface anti-scratch coating double abrasion resistance and anti-scratch, automatic repair in second performance is strong.

Before

After

Key scratch screen test
(Screen with quick repair film)

One second repair
zero scratch

INTELLIGENT QUICK REPAIR PROTECTIVE FRONT FILM

PRICE : **250-**

Intelligent Quick Repair Protective Front Film(50PCS)

1S Quick-Repair

Multiple Glue Process

Strong toughness, high strength and easy to fit.

- 01 PET base material
- 02 Durable layer
- 03 Disposable layer
- 04 Hydrogel layer
- 05 Protective layer before using

What Is Repair Film?

Repair film: After many years of product development and testing, advanced new technology, the film will enter the screen cracks and after pushed around it second to achieve rapid repair and lasting repair effect. It perfectly solves the difficult problem that the traditional film screens is difficult to repair after scraping, such as hydrocoagulation film, it will have new market opportunities.

12X18cm Large Size

7.2 inches below the model can be fully compatible.

	Quick Repair Film	Other Repair Film
Repair speed	1S	10S
Repair effect (time)	More than 6 months	About 3 days
Repair layer	01 5mm, imported glue, oxidation resistance	There is oil glue not repair materials, about 1000 repair oxidation
Base material	Imported PET, non-deformation, unbreakable and safer	TPU, large area of water will break to shatter
Odor	Environmental friendly without odor	Not Environmental friendly with heavy odor

Can Be Customized On Site

Mobile phone film cutting custom, fast and accurate.

**INTELLIGENT
UV PROTECTIVE
FRONT FILM**

PRICE : **390-**

0.19mm thickness, more explosion-proof and scratch-resistant

Hardness up to 9H, like tempered glass, super anti-bull explosion-proof, abrasion resistance and scratch-resistant.

3D curve edge, curved surface right Angle all models can be perfect fit

To solve the problems of glass can not effectively fit curved surface no warping, not easy to rebound for curve edge.

Ultra-thin, Smooth hand feel like naked machine

Intelligent UV Protective Front Film (0.19mm)(2020C2)

Hydrophobic and oil-phobic anti-nail mark resistance

Macro-ol repellent coating on the surface, water drop Angle is greater than 100 degrees, effectively prevent oil stains, water stains, sweat, cosmetics, fingernail scratches, etc., keep the screen clean as new.

Easy alignment 15 seconds speed film

Not easy to stretch and deformation.

Imported glue, strong adhesion

No glue failure and no warped edge.

Intelligent Thermal Sublimation MINI Photo Printer Set(EU)

Compact and portable

Quick print

High-definition quality of picture

Long lasting fastness

INTELLIGENT THERMAL SUBLIMATION MINI PHOTO PRINTER (EU)

PRICE :-

Thermal Sublimation Technology
Restoration of true color.

HD Back Film Printing
Thermal sublimation printing technology, each print color point gray level rendering capacity of 256, so that the photo color smooth and delicate.

1280pcs Printing heating head	300x300dpi Print resolution	16,7 million White color range
-------------------------------------	-----------------------------------	--------------------------------------

Thermal sublimation technology printing Inkjet printing

HD Printing Does Not Fade
Automatic laminating, don't need to separate plastic seal, waterproof, anti-fingerprint, anti-oxidation, durable and not easy to turn yellow.

- Automatic laminating
- Anti-oxidation
- Waterproof
- Anti-fingerprint
- Anti-scratch
- Anti-dust

Small And Portable, Does Not Take Up Space
Quick print without waiting, 1 ribbon can print 36 photos.

1 ribbon 36 back films

Mobile Phone Print Back Film
80s to get a high-definition picture.

- Mobile phone printing
- 30s APP/APP
- 80s print
- One-click connection

Mobile APP One-click Connection
The whole operation is more convenient.

Innovative Magnetic Paper Box
Convenient storage, does not take up space.

Imported Low Glue

Easy to repeatedly position, durable paste firm.

INTELLIGENT THERMAL SUBLIMATION PRINT FILM SUIT

PRICE :-

Intelligent Thermal Sublimation Print Film Suit

Water-based printing white film with transparent lamination enables the accommodation of countless patterns, allowing for the freedom to replace phone back films.

Water-based Printing White Film

A high-performance polymer material, with high tensile strength, aging resistance, fine printing color and high clarity.

Diamond-shaped Air Duct

Residual air can be discharged through the air duct to avoid bubbles.

The Protective Film Is Covered On The Surface

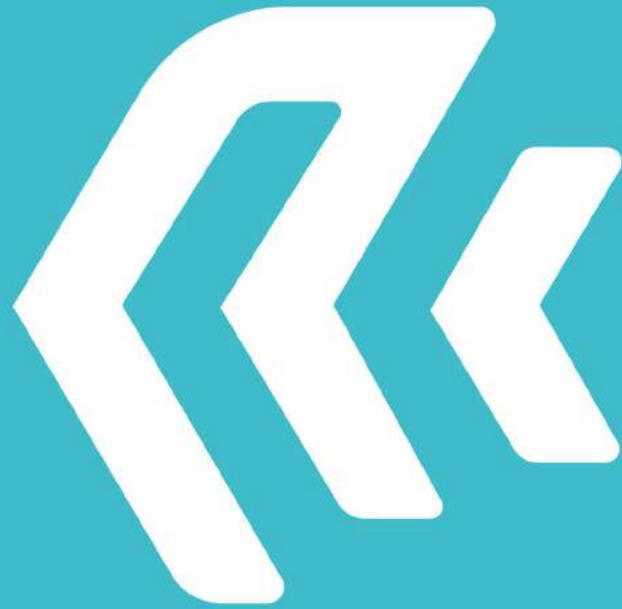

To transfer the pattern on the print film from lading.

Effectively Protect Your Phone

The high hardness and wear-resistant surface treatment provides resistance for scratches and abrasions.

Waterproof And Dust-proof

Without warping edge, with durable using.
