

TRIGGERPOINT

IMPACT BUFFER

VIBRATING STICK BUFFER

5,990.-

- Vibrating massage buffer offers a soothing, gentle massage to promote overall well-being
- Combined oscillation and vibration massage helps reduce discomfort and relax tight muscles
- Variable speed settings provide a range of massage intensity
- Ergonomic design creates safe and effective use while allowing for user-controlled pressure
- Three interchangeable heads offer versatile massage options for customized relief
- Glides comfortably over clothes or bare skin, with or without topicals
- Cordless and rechargeable for up to 2.8 hours of power
- Quiet, compact, and portable with a convenient carrying case

MB THERMAVIBE

HEATED & VIBRATING MASSAGE BALL

4,590.-

The MB ThermaVibe is a vibrating massage ball with an added heat element. The easy on/off switch allows makes for versatile warm-up and recovery and the spherical shape enables multi-directional rolling.

- Three vibration settings allow for adjustable intensity
- Easy switch on/off heat control
- Spherical shape enables multi-directional rolling
- High-density silicone protects the vibrating and heated core
- 4-inch sphere that is both impactful yet portable

STK VIBE

VIBRATING STICK ROLLER

3,990.-

- Vibration helps reduce discomfort during foam rolling, while unlocking tight muscles for a more effective release
- Vibrating stick roller allows user to target specific pain points with controlled pressure
- Patented GRID pattern replicates a massage therapist's hands, mirroring the pressure of fingertips, fingers, and palm
- Dense EVA foam helps with muscle compression to improve blood flow in muscles
- Specialty Level 3 foam roller with vibration for targeted release
- Three vibration settings provide a range of intensity
- Cordless and rechargeable for up to 2 hours of power
- Convenient size to use at-home or on-the-go

CONDITION

- DOMS (Delayed Onset Soreness)
- IT Band Syndrome
- Lower Back / Lumbar Pain
- Piriformis Syndrome
- Runner's Knee
- Sciatica
- Shin Splints

Rolling plus vibration helps to reduce the sensation of pain, relax tight muscles and improve flexibility

Designed with four vibration frequencies ideal for muscle relaxation and pain relief

Pec

Shoulder

Hip

5" ball targets tight muscles in hips and shoulders

Slip resistant and easy to clean foam material

The MB1® Massage Ball provides direct deep tissue compression for fast relief of aches, pains and muscle fatigue in small areas. It can be used on any surface, so you can roll anytime, anywhere.

- Ideal for targeting small muscles such as calves, piriformis, and pecs
- Encourages blood and oxygen flow to enhance overall movement, range of motion and performance
- Foam surface is easier to clean and more hygienic than cloth
- 2.6-inch diameter, 1.2 ounces
- Backed by 1 year manufacturer's warranty

TP MASSAGE BALL 700.-

TRIGGERPOINT® Massage Ball

Hard-to-reach body areas can be massaged with the Trigger Point Massage Ball. Use the floor, wall or a hard surface to exert pressure on the massage ball to stabilize the ball on the muscle.

The Trigger Point Massage Ball is suitable for the whole body, at any place, any time and any time.

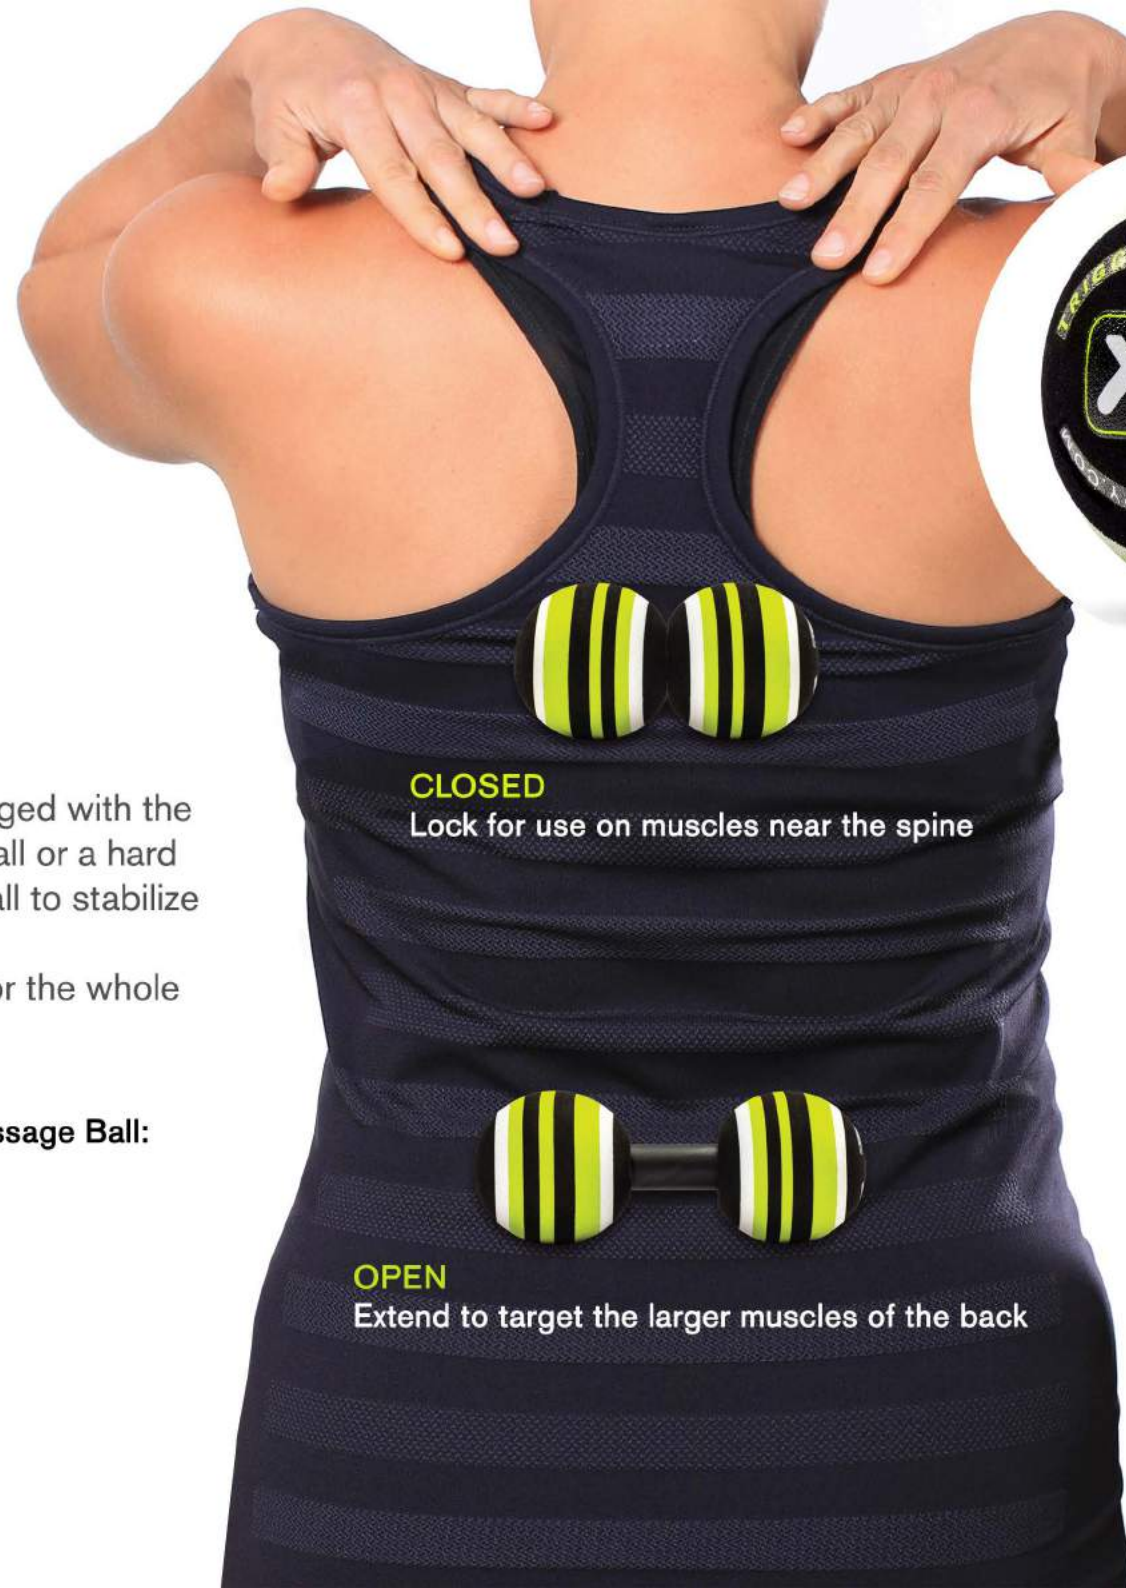

Differences between the Factor Ball and the Massage Ball:

Massage Ball:

- Smaller
- Softer
- Similar to the pressure of a thumb

Factor Ball:

- Bigger
- Firmer
- Remains the same shape
- Similar to the pressure of a forearm

CLOSED
Lock for use on muscles near the spine

OPEN
Extend to target the larger muscles of the back
